### PROFILE

Siobhan is a Chartered Physiotherapist with extensive and varied clinical experience within the NHS and independent sector. Siobhan qualified as a Physiotherapist in 1996 and joined Doncaster Royal Infirmary to begin her career, progressing through the core staff grade rotations. Siobhan accepted a clinical specialist post in Paediatrics for 2 years and later moved into Adult Musculoskeletal Specialism gaining experience in orthopaedics, pain management, hand surgery, hydrotherapy, rehabilitation and clinical education accounting for 9 years. She succeeded in becoming part of an innovative team setting up and delivering a Weight Management service in Doncaster. This broadened her experience in chronic condition management, cognitive behavioural and motivational therapies. This clinical experience has led to Siobhan becoming a visiting university lecturer and to publication in a specialist physiotherapy journal. Siobhan now works as an independent autonomous practitioner. She has an extensive and varied clinical case mix which includes complex neuro-musculoskeletal conditions, the treatment and management of long term conditions, persistent pain and illness behaviours.

She is instructed by Claimant and Defendant solicitors and undertakes reports on liability and quantum. Siobhan has had broad reaching experience of the management of acute through to chronic injuries and musculoskeletal conditions. This is enhanced by her work providing complex clinical reports for Solicitors and Insurers, General Practitioners and Consultants, Occupational Health and NHS service providers.
