### PROFILE

Jasmine is a Registered Adult Nurse with over ten years extensive experience in spinal cord injuries and traumatic brain injuries. She is a Specialist Community Public Health Nurse, Non-Medical Prescriber and has been registered with the Nursing Midwifery Council since January 2007. Jasmine began her career as a Senior Staff Nurse at Harrogate Hospital Neurological Rehabilitation Centre where patients with life changing injuries, including spinal cord injury and ventilated patients, brain injury and neurological conditions were supported by a multidisciplinary team to organise complexed discharges. This included assessing care needs and supporting with potential adaptations, equipment and technologies to enable people with disabilities to live as independently as possible. She has extensive experience of working closely with patients and their families and coordinating rehabilitation and discharges.

She then returned to education to complete her degree in Public Health which led her to become a Specialist Community Public Health Nurse working with Families and Children in community settings. This involved extensive safeguarding experience for adults and children, promoting public health and supporting families and children to access other agencies and support. Jasmine then went onto work in the pharmaceutical industry as Specialist Nurse Advisor in Parkinson's, Infection Prevention and Continence. Most recently she completed her Masters in Non-Medical Prescribing. Jasmine has a specialist knowledge of neurological rehabilitation and complexed discharges. She has a comprehensive understanding of nursing care and healthcare provision in primary and acute care, within both statutory and private health care service providers. Jasmine has undertaken comprehensive legal training and has a solid understanding of her duties to the Court pursuant to CPR Part 35 and understands the competencies required of her.
