PROFILE

Anita is an Advanced Nurse Practitioner & Queen's Nurse¹ with clinical and managerial experience within the NHS and private settings.

Anita's extensive career has included experience with orthopaedics, general medicine, rehabilitation and elderly care. Anita has particular expertise with stroke patients, having worked as a Ward Manager and Community Matron for stroke patients. In addition, she has a Diploma and an Advanced Qualification in Stroke Care, and has provided presentations nationally on the same.

Management has been central to the roles Anita has undertaken. She was heavily involved with leading on innovations and developments in the NHS and had day-to-day involvement with staff development, conflict resolution and management of clinical incidents. In private settings, Anita has managed elderly care units.

Her wide and varied experience has ensured Anita is most familiar with comprehensive care planning, prevention management, risk assessments and liaising with multi-disciplinary teams.
