PROFILE

NMC Registered Adult Nurse with extensive clinical experience in both the NHS and private practice, possessing a thorough understanding of healthcare provision in primary and acute care. Her experience includes working in Neurological rehabilitation covering spinal injuries, trauma, amputations, ventilated patients (including planning for community discharge), brain injuries, pain management and organising care and discharge with home visits. She has worked with multidisciplinary teams, liaising with statutory services and commercial providers assessing patient needs and planning care packages in the community as well as supporting potential adaptations, equipment and technologies to enable people with disabilities to live as independently as possible. More recently she has been working as an independent nurse in the private sector and as an expert witness.

Experienced in completing detailed functional assessments and preparing clear, well-reasoned reports, drawing on her clinical knowledge and care background to provide holistic, practical recommendations that include objective and analytically robust opinion with a clear understanding of long-term outcomes and rehabilitation.

Worked in multi professional settings, utilising this experience to make recommendations in complex injury care packages, therapies, equipment, housing adaptations, transport, and vocational assistance in claims involving upper limb amputation, brain injury, loss of hearing and orthopaedic injuries.

An expert witness commencing in 2022, with experience in preparing P35 compliant care reports she has undergone comprehensive in-house medico-legal training and has been mentored by experienced expert witnesses at Fiona Johnson Limited. Jasmine undertakes regular continuing professional development to develop her skills as an expert witness; she has a detailed understanding of her duties to the Court pursuant to the Civil Procedure Rules. She is robust in the presentation of evidence-based recommendations, with experience of attending conferences and completing joint discussions. She accepts instructions from Solicitors acting for both Claimants and Defendants to undertake care needs and loss of service reports.

An NMC Registered Adult Nurse for 20 years and has worked in Aesthetics for over six years with continuing weekly practice in this area. She currently works in the prestigious Skin Doctors Clinic in Leeds, York and London assisting with the Jaw Tite procedure in Leeds and London and injectables in York. She works at the KGovind clinic and has her own clinic in Leeds at Sketch Hair and Beauty.

She is a highly experienced and qualified aesthetics nurse with extensive clinical expertise in non-surgical cosmetic procedures and patient safety within the field of medical aesthetics. She is qualified and clinically experienced in injecting dermal fillers, anti-wrinkle injections, skin boosters, polynucleotides, microneedling, cryotherapy, skin peels, IPL and resurfacing lasers for skin rejuvenation and hair removal, human med water assisted liposuction machine, FaceTite and AquaPure machine. In her clinical practice as a scrub nurse, she has experience of assisting with liposuction.

In June 2023 she qualified as a non-medical prescriber which ensures the essential knowledge to provide aesthetics treatments safely and effectively.

Jasmine's comprehensive medical knowledge, comprehensive understanding of polypharmacy, treatment practices and analysis enable her to form an opinion as to a reasonable standard of practice in aesthetics. She has developed a comprehensive understanding of both the practical and regulatory aspects of aesthetic treatments, including injectable procedures, skin rejuvenation, and complication management. She has a strong working knowledge of the legal and ethical frameworks that govern aesthetic medicine including CQC regulations, consent processes, duty of care, and complication protocols.

She has completed training with a number of reputable training academies such as Skiniva and the Aart Academy and attended educational conferences regularly to enhance professional development for example ACE (Aesthetics Conference and Exhibition). She is a member of the British Association of Medical Aesthetics Nurses.

Jasmine can prepare liability reports in relation to administration of botox, dermal filler, skin rejuvenation including facial peels, intravenous injections, skin boosters, polynucleotides, IPL lasers and resurfacing. She has a detailed understanding of best practice guidelines set by the Council for Cosmetic Procedures (JCCP) and the Cosmetic Practice Standards Authority (CPSA) and adheres to standards set by the British Association of Cosmetic Nurses (BACN).

As part of her comprehensive training, Jasmine has been mentored by an experienced expert witness at FJL and undertaken medico-legal training pursuant to Part 35 of the Civil Procedure Rules.
