PROFILE

A Registered General Nurse and Registered Mental Health Nurse, in current practice as a self-employed health care consultant completing governance audits, progress reports, consultations, development plans and reviews for CQC registered care companies. She has been the lead nurse on several CQC inspections; producing comprehensive reports and action plans to identify breaches in the reasonable standard of practice and work to implement her extensive knowledge of regulatory standards in a range of settings.

A strong understanding of NMC standards and NICE Guidelines, Health and Social Care Act, CQC regulations, Mental Health Act. Undertakes mock inspections in nursing and residential homes and supported living to identify areas of non-compliance, implement learning outcomes and ensure that health and social care regulations are met.

Accepts liability instructions in relation to identifying whether there has been a failure in care provision in nursing, care homes, domiciliary settings that coming to reasoned conclusions as to whether these led to a range of injuries such as falls, pressure sores. Also has extensive mental health and learning disability, experience and knowledge, is able to accept liability instructions to identify if there has been a failure in care provision within acute admission wards, crisis intervention, people detained under the mental health act and learning disability and/ or autism in-patient care.

Has completed and accepts CPR Part 35 instructions from Claimant and Defendant firms to review medical negligence cases and identify nursing breaches of duty. Undertaken medico-legal training pursuant to the Civil Procedure Rules and has been mentored by an experienced expert witness at Fiona Johnson Limited. Robust in the presentation of her views; having undertaken conferences with instructing legal teams, presented evidence in Court and at tribunals.
